

- Contemporaneous Disclosure Rule (§ 358.7(a))

If non-public transmission function information is disclosed to a marketing function employee, the information that was disclosed will be posted on this page.

If MEAG Power, in its role as a transmission provider, uses anyone as a conduit for improper disclosures, such an event would be an improper disclosure and will be posted on this page.

If MEAG Power, in its role as a transmission provider, discloses non-public transmission customer information, critical energy infrastructure information (CEII), or any other information that is subject to limited dissemination, MEAG Power will post notice of disclosure on this page. (The non-public portion of the information will not be posted.)

Date	Disclosure
February 28, 2019	<p>Public Posting Per:            FERC Standards of Conduct: Order No. 717            § 358.2 (c) ... a transmission provider and its employees, contractors, consultants and agents are prohibited from disclosing, or using a conduit to disclose, non-public transmission function information to the transmission provider's marketing function employees.</p> <p>On February 28, 2019, The Georgia Power GCC notified MEAG Power of the following:            Facility Name: Wansley            Information only – Wansley Unit 2 planned outage 03/28/19-04/06/19            Scheduled Date/Time:            Start: 03/28/2019 00:01 Thu    End: 04/06/2019 23:59 Sat            Noted on the GCC message: "This document contains non-public transmission information and must be treated in accordance with the FERC Standards of Conduct"            Prohibited occurrence: This information was emailed to Marketing Function Employees on February 28, 2019 9:38 AM.</p> <p>This information will be posted through April 6, 2019.</p>
